## Rebuffed by School Board

# North Bay PTO tangled in procedural red tape

By EDGAR PEREZ  
The North Bay Elementary School Parent Teacher Organization, denied a place on the School Board's October meeting agenda, is attempting to follow the system's "chain of command" in securing improvements at the school.

In a letter sent last week to North Bay Principal Billy Sills, PTO President Lana Noonan outlined her group's frustrations in its dealings with the School Board in face of the board's policy of non-recognition of groups.

Ms. Noonan said her organization was granted a place on the board's October agenda by Board President

Virginia Gex on Sept. 11.

But the PTO's right to appear before the board was later rescinded by Ms. Gex on Sept. 18, according to Ms. Noonan, "for failure to adhere to the Board's Policy No. 18."

Policy 18 requires parents, teacher or students with grievances or recommendations to first pursue the matter through principals, the superintendent, individual board members and eventually before a "closed meeting" of the board.

"This letter is our appeal to you in adherence to Policy 18. If you feel that you possess the authority and the

means to sit down with us and help solve the problems of our school such as the need for more permanent classrooms, better janitorial service, air conditioning of the classrooms and proper facilities for all of our teachers, we would be happy to talk to you at your convenience," Ms. Noonan said in her letter to Sills.

Complete text of Ms. Noonan's letter to Sills, a letter from Gex to Noonan rescinding the PTO's scheduled October board appearance, and the Board's Policy 18 appear on the Editorial Page of today's Echo.

**LAYERS OF ASPHALT AND CONCRETE**—Bay St. Louis Utilities Department workers dig through several layers of asphalt and concrete Wednesday to repair a broken caulk joint which caused outpouring water to impair traffic along South Beach Boulevard. Workmen began repairs at 2 p.m., and were finished at 6:30 p.m., said Utilities Foreman Roger Sprouse. Workmen repairing the broken joint include Alfred Sales, Clarence Sprouse, Jordan Bush, and City Water and Gas Supervisor Alton Sick. (Staff photo—Leslie Williams)

## Bell mulls decision on yellow pages goof

By EDGAR PEREZ  
Anyone planning to "let your fingers do the walking" may find a good old pair of easy walking shoes a lot more practical in Bay St. Louis where the city's area listing have been inadvertently left out of the telephone book's yellow pages.

The Hancock County Chamber of Commerce has contacted South Central Bell officials concerning the omission of Bay St. Louis from the yellow pages of the new telephone directory issued this month.

Jerry B. Benigno, Executive Secretary of the Chamber, spoke to Franklin Kyle Jr., district manager for South Central Bell this week.

Kyle said, "South Central Bell recognizes the problem that was created through a computer omission. We regret the error and are in the process of making a decision as to what will be done."

Kyle assured Mrs. Benigno that South Central Bell will make a decision soon and will take whatever steps are

necessary to assure the people of Bay St. Louis the "highest quality service that South Central Bell always tries to provide."

The new yellow pages with the exception of real estate listings has Bay St. Louis businesses and professionals listed, but not under a heading of Bay St. Louis in the division of businesses by their location along the Gulf Coast.

## Fourth Annual Gumbo Festival features big name entertainment

By RICH ADAMS  
The fourth annual Gumbo Festival at Necaise Crossing will have games, contests, and spicy, homemade gumbo as always this year, but a new twist has been added to the event, taking place October 6-8.

L. J. Breaux, overall chairman of the Gumbo Festival said big name entertainment will be performing at the festival for the first time this year.

On Saturday, October 7, Country singer Jeannie C. Riley will perform at 3 and 7 p.m. She is best known for her song "Harper Valley PTA," which is now also the title of a movie.

She will be preceded by the Mo

"We used local entertainment before, but we really wanted to develop into something big and unique, so we got some big names that will draw people into the festival," said Breaux.

The festival, held at Necaise Crossing off of Hwy. 603 near White Cypress, was started in 1974 as an end of the summer celebration.

The event is held on the grounds of Infant Jesus of Prague Catholic Church, which receives proceeds from the gate.

"The church's youth center was

destroyed by hurricane Camille in 1969, and since our community was growing, we were faced with a need to expand and build larger facilities to replace the destroyed center," he continued.

"We first had an idea to hold quarterly church fairs, but all of the work involved and competition from larger fairs kept our proceeds down," Breaux added.

"We decided to form an event for which we were unique. We don't have

**GUMBO QUEEN**—One of these beauties will be named the Gumbo Festival Queen at the Fourth Annual Gumbo Festival scheduled for October 6-8 at Necaise Crossing. The contestants, from left, are Paulette Necaise, Bridgette Hoda, and Tammy Ladner. The queen will be crowned Saturday, October 7, at 6:30 p.m. at the Infant Jesus of Prague Church off of Hwy. 603.

## Voter sign-up deadline nears, Registrar tells office hours

By LESLIE WILLIAMS

Hancock County Circuit Clerk Henry Otis said the deadline for voters to register is Oct. 7, 1978. "The Hancock County Courthouse will be open Oct. 7 and Sept. 30, which are Saturdays, from 8 p.m. until noon," added Otis.

Voters of Hancock County will select several officials in the upcoming general election on Nov. 7.

Otis, registrar for county, state and federal elections for the county, said, a U.S. senator will be the only federal candidate to be elected.

State officials elected will be a Mississippi Supreme Court Judge, three 8th District Chancery Court Judges, and three Second District Circuit Court Judges, said Otis.

A Hancock County School Board member to represent Beat Five will also be elected, announced Otis.

"Only voters in Beat Five who live outside the Municipal Separate School District can vote in that election, and those are the voters in the Fenton and Diamondhead West

In Waveland  
The Waveland mayor, four aldermen and a Democratic Executive Committee of five will be elected in the city general election on Nov. 7, said Claire Clement, Waveland tax assessor-collector and registrar.

Clement said Oct. 7 is the deadline for voter registration and qualification of candidates running for the positions.

There are presently 5,034 voters registered in Waveland, added Clement.

In Bay St. Louis  
Bay St. Louis has about 4,000 people registered for city elections, but more than half will not be registered when the old records of voter registration

are discarded, said Deputy City Clerk Cathy Johnston.

"Only 1,627 of approximately 4,000 registered voters are on the new books," said Johnston. The old books will be discarded Nov. 1, 1978. Voters, who wish to vote in city elections should be registered on the new registration files, which requires that they re-register stated Johnston.

There are no Bay St. Louis offices contested in the Nov. 7 election.

Registration centers are located at the County Courthouse, for those wanting to register for county, state and national elections; and the City Halls of Bay St. Louis and Waveland for city election.

## Hancock Fair to feature local retailers' booths

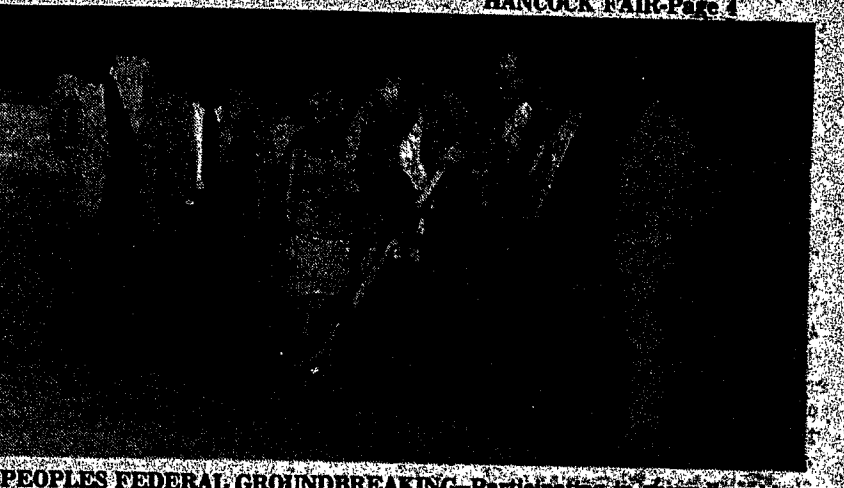

The Hancock County Fair and Livestock Show opening Wednesday and running through Saturday will feature display booths for local merchants.

"The Chamber of Commerce has made arrangements with the Hancock County Fair and Livestock Association to allow the local retailers to have booths inside the exhibit hall to display their products," said Becky Markel, retail chairman for the Hancock County Chamber of Commerce.

This marks a first for the Chamber's participation in the County Fair, and we hope that it will become bigger and better each year," she added.

"The Chamber is proud to be a part of the County Fair this year, and we are pleased to see the good response we have had from our local retailers in supporting this event," said Chamber President Dick Thomas.

"I urge everyone to go out and see what our retailers and local county

## Necaises celebrate 25th anniversary

Mr. and Mrs. Frank R. Necaise of Kiln celebrated their 25th wedding anniversary with a reception Sunday afternoon, September 3, at Catahoula Baptist Church.

Mr. and Mrs. Necaise, the former Jeanette Seal, were married August 31, 1953 in Bay St. Louis; they have two daughters, Mrs. Donna Dougherty and Frances Necaise, both of Kiln.

Mrs. Necaise received guests wearing a floor-length blue quiana dress with a blue silk rose corsage.

The cake table, presided

over by Mrs. Janice Tyner, held a three-tier cake trimmed with white roses topped with a 25th anniversary ornament. Silver candelabra holding white tapers were on either side and red silk roses, fern and ivy completed the decorations.

Miss Shirley Bullock presided at the punch bowl and Miss Arlene Lee kept the guest register.

Approximately 65 relatives and friends from Kiln, Picayune, Poplarville, Ocean Springs, Pascagoula and Bay St. Louis attended the celebration.

MR. AND MRS. FRANK NECAISE

## Necaise, Maculich plan October ceremonies

Mr. and Mrs. Sherman R. Necaise Sr. of Lakeshore, Miss., announce the engagement of their daughter, Ida May to Paul Maculich, son of Mr. and Mrs. Tony Maculich of Bay St. Louis, Miss.

The bride-elect graduated from Hancock North Central High school where she was a member of Beta Club and president of the junior and senior class.

She attended Pearl River Junior College and she is presently employed at Coast Electric Power Association.

The prospective groom, a graduate of Bay St. Louis Senior High School, is employed by Sanders Ford Tractor Company, Gulfport, Miss.

The marriage will be solemnized at 2 p.m. October 7 at First Baptist Church, Bay St. Louis, with a reception

IDA MAY NECAISE

following at the National Guard Armory, Bay St. Louis.

Relatives and friends are invited through this medium.

## Pierce, Stamm wed in Florida

Miss Catherine Helen Pierce of Hollywood, Fla., daughter of Mr. and Mrs. Robert Pierce of Venice, Fla., and Richard Nelson Stamm, Miami, Fla., son of Mr. and Mrs. H. Richard Stamm of Bay St. Louis, Miss., were married Saturday afternoon, August 19, in Hollywood Hills Methodist Church, Hollywood, Fla.

Rev. Robert Gialer performed the double ring ceremony.

The bride, given in marriage by her father, had as her attendant her sister Miss Carol Pierce of New York, N.Y.

Charles Ciacio of New Orleans, La., was best man, and Brad Stamm, Miami, Fla., cousin of the groom, served as usher.

A reception was held at Pier 66, Fort Lauderdale aboard the Yacht, McAllister Arm.

The couple will reside at Fort Lauderdale, Fla.

## Yockey, Jones banns announced by family

The engagement of Lisa Louise Yockey, daughter of Mrs. Hal Ross Yockey of Pass Christian and the late Mr. Yockey, to Mark Vincent Jones, son of Mr. and Mrs. John Paul Jones of Long Beach, Miss., is announced by her mother.

The bride-elect, a graduate of Our Lady's Academy, Bay St. Louis, attended the University of Mississippi, Oxford, where she was president of the Newman Club and a member of Committee of 100.

In the fall of 1976 she was presented at the Commodore's Ball at the Pass Christian Yacht Club. She was also among those presented at the Grand Military Victory Ball of the Society of 1812 in New Orleans in January 1977.

The prospective groom graduated from St. Stanislaus and attended the University of Southern Mississippi, Hattiesburg. He is presently employed by Jones Brothers Construction Company, Long Beach.

The wedding will be solemnized at 2 p.m. November 11 in St. Paul Catholic Church, Pass Christian, with a reception at the home of the bride.

LISA YOCKEY

## Stork shower at GNB honors

### Ms. Michael Lee

Mrs. Michael Lee was honored with a stork shower hosted by Mrs. William L. Fryer, Mrs. Clement Ladner, Miss Lisa Zengarling and Miss Patricia Depreo in Gulf National Bank Civic room.

A blue and pink color scheme was used in the decorations; and corsages fashioned of miniature baby gadgets were presented to the honoree; her mother Mrs. Herbert Zengarling and her grandmother, Mrs. Robert Zengarling.

Mrs. Lee was assisted in opening gifts, presented in a bassinet, by her daughter Jennifer.

## Echoes

Mr. and Mrs. Robert Barrere Jr. of Waveland had as recent guests their son and daughter-in-law Mr. and Mrs. R.W. Barrere III, and their children Rob IV and Muffin; their son-in-law and daughter Mr. and Mrs. Kelly Marrione and their sons George and Charley; all of New Orleans, La. Also on hand to help celebrate Mrs. Barrere's birthday were their grand-daughter Lisa Boniol and their daughter Geri Mills, both of Waveland.

## Keester bridge tourney to aid mental health

National Mental Health Association will be the beneficiary of a duplicate bridge tournament sponsored by the Keester Officers Club.

The bridge tournament will be open to all citizens of the Gulf Coast. It will begin at 7 p.m. Thursday.

Pair reservations may be made by calling Mrs. Elizabeth Scarpero at 435-2654 by noon Sept. 27.

Proceeds from the duplicate bridge games will go to the National Mental Health Association while proceeds from the party bridge contests will go to the Harrison County Mental Health Association.

## PRJC Alums accepting nominations

Nominations are now being taken for Pearl River Junior College's Alumnus of the Year Award.

Resumes may be sent to Enoch Seal Jr., PRC's alumni secretary, Station A, Pearl River Junior College, Poplarville, Mississippi, by Wednesday, Sept. 27.

Nominations for the Alumnus of the Year Award should be based on the individuals contributions to his community and Pearl River College.

Selection will be made by a committee representing the six supporting counties of PRC. Resumes may be presented in person at the Alumnus of the Year Committee meeting set for Thursday, Sept. 28 at 7 p.m. in the Administration Building.

ALUMNI find Mississippi Industrial College has launched an all-out program to locate its alumni and friends (1906-1978).

University of New Orleans. Her background includes teaching in the Pre-School Program for delayed children in Gulfport, P.T.A. and Band Booster, President, and serving as a merit badge advisor for the Boy Scouts.

SEPTEMBER 13 Donald Enoch Baker, 18, 208 Carroll Avenue, Bay St. Louis, and Miss Jeannine Marie Fucich, 17, Rt. 3 Box 550H, Bay St. Louis.

## 'Do' volunteers to visit aged home

By LESLIE WILLIAMS

Project Do Director Brother Canisius Schell announces several projects for the 1978-79 school year.

Project Do, a youth service project, was organized in Bay St. Louis in October, 1975.

"Project Do has no meetings, dues or officers," said Brother Canisius.

"All we do, he continued, is encourage teenagers to help with useful community projects. We provide participants with an opportunity to practice Christian ideals."

"If our organization was riding or having a big pot party everyone would be interested and we would receive a lot of publicity," exclaimed Brother Canisius.

Project Do can best be explained as a do-it-yourself course in humanities, he feels.

Project Do members visit elderly citizens, shut-ins, tutor young students in local schools and try to bring a bit of cheer into the lives of those who are lonely and forgotten, maintain the director.

Do volunteer projects for the school year reported in the group's newsletter include:

County Home For the Elderly (phone 467-5248)

"Your part in this worthy project will be to entertain the ten residents at the Home by conducting bingo and various other games. Your visits and interest in these old folks will help brighten up their day more than you can realize."

Gulf View Haven Nursing Home (phone 467-5462)

As above you will visit with the elderly residents and conduct games. However, at Gulf View Haven there are many more residents. These will be divided into various groups and will be entertained according to their abilities.

Senior Citizens Day Care Center (phone 467-3736)

About 40 senior citizens visit the day care center each day. They are not residents of the Center as is the case in the other senior citizen centers. These senior citizens are more active and activities will be more varied. They may even visit our campuses as part of the program.

St. Mary's Bay Elementary School (phone 467-4787)

Under the direction of the Special Education teachers, we will prepare their students for the annual Special Olympics. Our activities will

TEEN-AGERS DO GOOD DEEDS—St. Stanislaus students Rett Harrington, 17, left, and Andy Kerley, 17, and North Bay Elementary student Margo Saucier, 10, walk with stilts as part of a Project Do teenage service program. North Bay Elementary special education teacher Ann Ladner, right, supervises. Project Do is an organization in which teen-age volunteers participate in useful community projects under the supervision of Brother Canisius Schell of St. Stanislaus. (Staff photo: Leslie Williams)

Bay St. Louis Catholic Elementary (phone 467-4218)

"In this project we will be working with students from grades 4, 5, and 6. You will be asked to help tutor slow students in reading and math and also help conduct the P.E. classes once a week. This school is located on Our Lady of the Gulf grounds."

Bay St. Louis Catholic Elementary (phone 467-4218)

"On this campus, which is located on the St. Rose of Lima grounds, you will be helping children grades 1 to 3. You will be asked to help tutor the slow students and also direct some outdoor games and activities."

Silver Creek School for Exceptional Children (phone 255-0190)

"Our Lady's Academy will sponsor this project under the direction of a faculty member of O.L.A. About ten handicapped children will visit the O.L.A. campus each week for fun and games. The goals of this program are to provide therapeutic exercises and social contacts for these exceptional children."

"Volunteer work in each of the above projects will be for one school term of nine weeks at a time. If you wish to continue or discontinue in the program after each term you may do so."

"Special permission from your parents to leave the school campus with Project Do must be turned in to your school office."

## Heart names Kennedy to area post

Mrs. Joann Gilmer Kennedy of Gulfport is new staff consultant for the American Heart Association Mississippi Affiliate, according to its President, Cecil Williams, Jr., M.D., of Laurel.

Williams said, "The Association is exceedingly fortunate to have a person of Mrs. Kennedy's qualifications and talents on staff. We feel she will be of invaluable help to Heart volunteers in Hancock, Harrison, Jackson,

Pearl River and Stone Counties in carrying on the Association's programs of education, community service and fund raising."

Mrs. Kennedy, a Gulfport

JOANN KENNEDY

native, attended Drury College of Springfield, Missouri and Tulane

University of New Orleans. Her background includes teaching in the Pre-School Program for delayed children in Gulfport, P.T.A. and Band Booster, President, and serving as a merit badge advisor for the Boy Scouts.

Mrs. Mildred Means is shown accepting delivery of New Chevrolet from Turan-Lane Chevrolet salesman Hak Doyle. "I purchased my new car from Turan-Lane Chevrolet to keep money flowing in Hancock County. The friendly, courteous way I was treated by everyone plus a good deal and the professional way Hak Doyle helped me select my new car, wants me to recommend Turan-Lane Chevrolet to all of my friends."

Mrs. Mildred Means, Waveland, Miss. Miss Means is well known in this area for her church and community work. She drove the Bookmobile for many years and is now Librarian for Waveland.

If you're in the market for a new or used car or truck, we think you'll enjoy doing business with us.

Our Motto is: "The Only Deals We Make Are The Ones We Don't Know About."

## Opinion/Ellis Cuevas

## It's Fair time

Tomorrow starts a week of activities to bring joy to all ages - the all new Hancock County Fair.

This will be the seventh Fair sponsored by the Hancock County Fair and Livestock Association, but, it is new because it has changed its appearance somewhat from the previous years. True many things will be the same, the main changes being made in the booths.

There will be no skin games, no outsiders milking money out of the County.

All booths will be operated by local civic, fraternal, religious and business people. This is something which several members of the Fair and Livestock Association have been wanting for years.

We endorse the new style Fair 100 percent, because we feel it is the correct way to go.

You will be amazed at what's in store for you the many nights and days of the Fair. We have a special section in this issue giving you details on activities and their day and times.

All the Fair Association needs now is your help by taking a little of your time and visiting the Fair Grounds this coming week. There's bound to be something of interest for all.

Our appreciation goes to so many members of the Hancock County Fair and Livestock Association for their many hours of work. We are glad the Hancock County Chamber of Commerce is taking a part in the Fair by having merchants display their products this year.

We must thank all those who participate in whatever way they do - to help make Hancock County Fair 1978 the best of all.

## Gumbo Festival... CONTINUED FROM PAGE 1A

more rice than anybody else, or more fish, or more pine trees. But we do have more fine cooks than anybody else," he explained.

So, the local cooks got together and made gumbo, "the most outstanding dish in the area," said Breaux.

A new community center for the church was built with funds from the past gumbo fests, and the celebration will be held in the new center this year.

Breaux declined to reveal how much money the festival will bring into the church.

"I don't think dollars mean that much to the workers and planners," he said.

"What is important to us is how much good can come to the county and community from the festival. We can really take pride in our efforts," he added.

He said that the proceeds are going to be used to build a new church in the area.

The Friday night opening of the gala event will feature a fish fry, square dancing, fiddling and banjo-picking contests. Admission is \$3.50 per person.

Saturday's events will open with a baby boy contest, cake, pie, quilt, and candy making contests, crowning of the Gumbo Queen, and Fats De-Do dancing, featuring Al Fontenot and his Country Cajuns.

Admission for Saturday is \$6 each person.

Sunday opens with a baby girl con-

test, championship field events, a gumbo cooking contest, hot air balloon rides, and a drawing for \$1,000 in savings bonds. Admission for Sunday is also \$6.

Children under 12 will be admitted free of charge all three days.

"I've heard many stories have developed about how expensive admission is," said Breaux.

"We charge for entertainment, just like a movie or football game does. If you go to a football game, you still have to pay for popcorn and hot dogs. The charge at the gate is for admission to watch the game and be entertained," he explained.

Breaux explained gumbo is not all that is available at the festival.

Along with seafood gumbo, we have chicken gumbo, hot dogs, hamburgers, oysters, shrimp, crabs, cake candy, pies, cold drinks, beer, and coffee," he said.

"Our field events offer something interesting to the whole family. I don't care if you're nine-days-old, or ninety-years-old. We've got something for you," he added.

The festival, labeled the "Gumbo Festival of the Universe," may expand even more.

"I am hoping travel agencies will make a tour package out of the event next year. We'll be able to give thousands of people on a tourist package special rates," he said.

## Hancock Fair... CONTINUED FROM PAGE 1A

people have prepared for them at this Fair," Thomas added.

The Chamber itself will have a booth with a display showing the various segments of the Chamber's involvement in the county, and free literature will be distributed concerning the area, Thomas reported.

A survey of consumer opinions and buying habits will also be distributed from the Chamber booth. We urge the public to go by our booth and fill out a survey form," continued Thomas.

"The information will be completed after the Fair and presented to the

retailers for their use in meeting the needs of the buyers," he added.

Retailers already signed up for booths at the Fair include Seymour's Jewelry and Gifts, Chapman's Business Service, The Village Bride, Adams' Lorraine Flower Shop, Monti Electric Supply, Security Savings and Loan Association, and Perkins and Associates.

Any retailer interested in obtaining more information may contact the Chamber office at 467-8048 or Ms. Markel at 467-4507.

A special supplement to the Fair is included in this issue of the Echo.

## Waveland Council plans senior activity center

By EDGAR PEREZ

The Waveland City Council Wednesday night took preliminary steps toward establishment of a senior citizens facility at the City's Civic Center on Coleman Avenue.

The Council approved in principal a proposal presented by Lloyd McLaughlin of Waveland to use one room in the Civic Center as an arts, crafts and activities center for seniors.

"We hope it will be a place where people can come to drink coffee, play cards and socialize as well," McLaughlin said.

McLaughlin, who was associated with a crafts department at the Civic Center when the facility opened in 1976, said he is a qualified instructor in several areas of arts and crafts.

He will serve as instructor at the new activities room which will be staffed, in addition by two full-time CETA workers paid by the South Mississippi Planning and Development District. McLaughlin said he is currently seeking persons qualified under Social Security regulations to serve as staff members at the center.

"The Waveland Senior Citizens Club currently meets at the Civic Center, but there is no place in the City for seniors

to assemble, on a day-to-day basis," noted Mayor John Longo.

The mayor said further action on McLaughlin's proposal will be delayed until roofing repairs on the Civic Center are completed. He noted further inside improvements are planned once the roof is complete.

In connection with the senior activities room discussion, Councilman Dan Campion noted he is able to furnish for group showing 15 and 30-minute slide presentations on the Space Shuttle program.

In other action, City Clerk Barbara Rappold reported on allocation of the City's 1978-1979 Federal Revenue Sharing funds.

She said the City this year is receiving \$78,250 to be added to a \$6,062 carryover from last year's funds.

Breakdown of the current total of \$84,312 includes:

- Environmental protection (dumps), \$6,000;
- Public transportation (street lights), \$40,000;
- New garbage truck, \$18,312;
- New stake body dump truck and Sanitation Department shed, \$14,000;
- New police car, \$6,000.

## Salt water fishing may cost coastal sportsman

Hancock, Jackson and Harrison County representatives and senators were asked Thursday by the director of the Mississippi Marine Conservation Commission to enact laws requiring licenses for sport fishermen as well as recreational crabbers and shrimpers.

Dr. Richard L. Leard, commission director, and commission members met with the lawmakers to discuss proposed legislation for the upcoming session, which begins in January.

Recreational licenses would cost \$2 for saltwater fishing, \$2 for using from five to 10 crab traps or \$7.50 for shrimping. Up to five crab traps would be allowed without a license, Leard said.

Leard said the recreational licenses would give the commission more data about the number of persons engaged in sport fishing.

Sen. Nap Cassibry of Gulfport and Rep. Charles Lippian of Pascagoula questioned whether such licenses would be fair to tourists and other casual fishermen.

"I'm going to object strenuously... (to anything) that's going to interfere with the everyday fellow that's trying to get into the water," Lippian said.

Leard also suggested that croaker boats be given croaker licenses instead of shrimp boat licenses and charter and party boats be given licenses in a new category instead of commercial fishing licenses.

Croaker boat licenses would be \$50 and shrimp boat licenses would increase as follows:

Licenses for boats under 30 feet in length would be \$15 instead of \$7.50; licenses for boats between 30 and 45 feet long would be \$30 instead of \$15; and licenses for boats over 45 feet long would be \$50 instead of \$25.

Charter party and commercial hook-and-line licenses would be increased from \$1 per boat to \$50 per boat.

## Chamber Board meets Tuesday

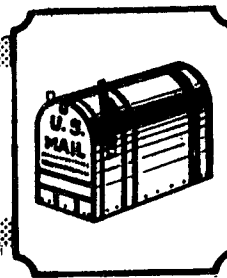

The regular monthly meeting of the Hancock County Chamber of Commerce Board of Directors will be at 7:30 p.m. Tuesday in the Chamber Board room.

Jim W. Rose, Republican candidate for the office of Circuit Judge, Place 3, has asked to appear before the Board for a brief talk, according to Jerry Benigno, Chamber executive

secretary. Bob Boudin, Hancock County Civil Defense director, will explain the need for "Jaws of Life" and he will also give a brief explanation of a mock disaster planned for Hancock County, he noted. Along with committee reports, the Board will be asked to approve a nominating committee for 1979 election of board members.

## LETTERS

To The Editor

## Board refuses to hear PTO

September 13, 1978

Mrs. Lana Noonan  
Bay St. Louis

Dear Mrs. Noonan:

In regard to the meeting of Bay-Waveland Municipal School Board on September 11, I have been requested by the Board of Trustees to write to you in order that any misunderstanding may be clarified.

The Board of Trustees have informed me that the matter of air conditioning at the North Bay Elementary School was discussed at the July meeting and that subsequent to that meeting a response was given to you. As you are aware, Policy 18 requires certain procedures to be followed in order for an individual to appear before the Board of Trustees and that any appearance before the Board of Trustees by a person not following this policy would be out of order and improper. For your future reference I am hereby enclosing a copy of Policy 18 in hopes that it will help you in your quest for better education in our school system.

I am sure that you are aware of the fact that when policies are adopted that they must be adhered to in every instance, otherwise chaos would result at every board meeting. It is also im-

portant that you realize we will only accept requests coming from an individual, not an organization or group.

It is with great regret that the school system at this time cannot meet your request as to the air conditioning of North Bay Elementary School due to the fact that the finances are simply not available but rest assured that the Board of Trustees will do everything within their power to alleviate this problem at this school, as well as through the entire system, as soon as financially feasible. The other conditions you have mentioned are also of prime concern and I assure you the Board of Trustees are aware of them.

In closing, if after you have followed the procedure outlined in Policy 18 and you have not received satisfaction from the principal or superintendent, please feel welcome to appear before the Board of Trustees.

In hopes that we will be able to work together in the future on whatever problems that arise in our school system, I am,

Sincerely yours,  
Mrs. Joseph W. Gex  
President, Board  
of Trustees

## PTO appeals to principal

September 22, 1978

Mr. Billy Sills, Principal  
North Bay Elementary School  
Bay St. Louis

Dear Mr. Sills:

On Monday, September 11, 1978, I was granted a place on the agenda of the Bay St. Louis Municipal Separate School Board of Trustees meeting for October. This appointment on the agenda was granted to me by Mrs. Joseph Gex, School Board President, recognizing me as representative of the North Bay School P.T.O.

Then on Monday, September 18, 1978, I received a registered letter from Mrs. Gex explaining that we had failed to adhere to the School Board's Policy 18 for acquiring an appointment on the agenda. That policy states that we must first approach our Principal with our grievances. If he cannot be of any help to us, we must then approach, in writing, our Superintendent of Education. If he cannot be of any help

to us, we must then approach, in writing, our Superintendent of Education. If our problem cannot be solved on that level, we must then approach each Board Member in writing.

This letter is our appeal to you in adherence to Policy 18. If you feel that you possess the authority and the means to sit down with us and help solve the problems of our school such as the need for more permanent classrooms and proper facilities for all of our teachers, we would be happy to talk with you at your convenience.

We have enjoyed working with you in the past and hope we can in the future with a positive approach to these problems. The successful future of these young children is, I am sure, the common goal of all of us.

We shall look forward to hearing from you.

Yours truly,  
Lana Noonan  
President  
North Bay School P.T.O.

## Bay School Board Policy No. 18

BOARD OF TRUSTEES  
BAY ST. LOUIS PUBLIC SCHOOLS

## SUMMARY OF POLICIES

18. Recommendations or grievances from patrons, students, or teachers shall be submitted in writing to the principals of the school concerned. The principal will submit a written response to the person whose signature appears first on the complaint within seven calendar days of receipt of same.

If this response does not provide satisfactory to the aggrieved patron, student or teacher then the same recommendation or complaint shall be submitted in writing to the superintendent along with a copy of the response received from the principal. The superintendent will then respond in writing within seven calendar days.

If the complainant is still not satisfied, then he may submit copies of all the above mentioned correspondence to each member of the school board and ask to be heard in a closed session of the board.

The president will then call a meeting and notify all parties concerned at least ten days prior to said meeting. Guidelines as to procedures to be followed and who may be present will be established by the president of the board through consultation with the aggrieved party.

## School evaluation near

By LESLIE WILLIAMS

Quality of education in the Hancock County School District will be evaluated by the Mississippi Southern Association of Secondary Schools and Colleges Jan. 1, 1979, according to School Superintendent Terrell Randolph.

The five-year evaluation of the School District will be based on general administrative standards, fiscal policies, employment practices, personnel policies, adult education, transfer of pupils and credits, the school plant, school lunch program, transportation, civil defense education, environmental conservation education, career education, economic education and

alcohol, narcotics and drug education. Randolph said there are three types of accreditation the schools can receive - class AA, the highest; class A, next in line; or non-accreditation.

The accreditations come in one year, five year and 10 year increments, said Randolph.

Hancock North Central received an AA, one-year accreditation for 1977-78 from the Association," said Randolph.

But the Association also listed in its report the following deficiencies at Hancock North Central Attendance Center:

"The superintendent is not the highest paid staff member of the school district;

"Adequate facilities are not provided for administrative offices, teacher's workroom and lounge, assembly rooms, health and physical education, food services, health services, clinic, libraries, laboratories, and other special services such as guidance

"Adequate areas are not provided for physical education and recreation;

"The Library is not open for use by students and teachers before and after school."

Randolph said, "Of the deficiencies, the fact that the superintendent was not the highest paid staff member, has been corrected."

"And the deficiency listed as food services was corrected by the new cafeteria we just built at Hancock North Central," added Randolph.

## Opinion

The editorial page

The Sea Coast Echo welcomes comments from its readers on subjects of general public interest. All letters must be signed, home address given and conform to published standards, be brief, in good taste and reason.

## Book Review

**Bay St. Louis**  
By Hart Shorn

A book tracing the long, little-known road through the quagmire of Vietnam diplomacy—from the early days of American involvement to the Paris Agreement of 1973 — is the latest work by Mississippi State University historian Janos Radvanyi.

In "Delusions and Reality" (Gateway Editions: South Bend, Ind., 300 p.), Radvanyi sets about to unravel the complex power relationships and maneuverings which made the Vietnam War the focal point of world attention for a decade.

As head of the Hungarian Embassy in Washington, D.C., from 1962 until his defection in 1967, Radvanyi participated directly in the Vietnamese negotiations.

"My direct involvement in Vietnamese affairs and my contact with high-level Communist and American officials provided me with the unique opportunity to appraise critically the process by which the decisions were reached and implemented," Radvanyi explains in the preface.

Reviews of the book have been good. The current issue of Foreign Affairs magazine found it "a rare and fascinating insider's view of Russian, East European and Chinese roles in the Vietnam War...the author sheds considerable new light on Sino-Soviet relations, Soviet foreign policy, matters of internal Soviet politics...and on the way in which East European diplomats gathered and evaluated information."

The August issue of Library Journal called it "a unique

contribution to the understanding of this complicated period (in American history)."

George Ball, undersecretary of state during the years Radvanyi was in Washington, provides the book's introduction. He writes: "Professor Radvanyi's book illuminates a foggy chapter of American history when leaders were tempted to misread diplomatic signals in their desire to find a political way out of a military disaster. It offers careful documentation of the hazards and complexities that accompany a dealing with the Communist powers."

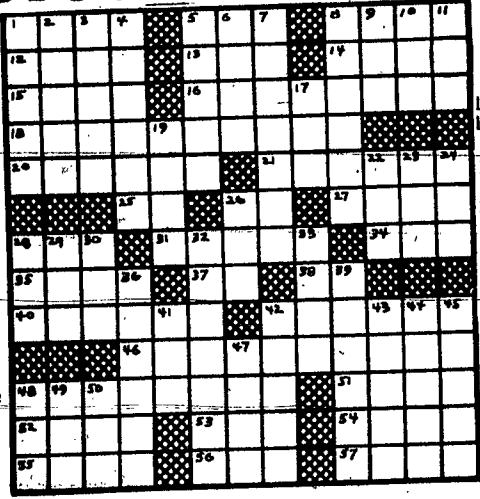

Radvanyi, who earned his doctorate from Stanford University after gaining asylum in this country, has taught Russian, East European and Far Eastern history at MSU since 1971.

His first book, entitled "Hungary and the Superpowers" and published in 1972, deals with the Hungarian revolution of 1956.

He and his wife, Juliana, were granted American citizenship June 14 by U.S. District Judge William Keady in ceremonies at Oxford.

## YOU AND YOUR PET

By Robert L. Stear, D.V.M.  
Manager of Veterinary Services  
Norden Laboratories

### URINARY BLOCKAGE

Most cat owners are very pleased to see their pets regularly using the litter box. But those with male cats should know that too many visits can be a sign of a serious urinary tract obstruction.

The problem begins when various factors, not all identified, cause minerals in the diet to form sand-like particles or stones in the cat's bladder.

In female cats, the particles easily pass through the urethra (the outlet from the bladder) and are eliminated with the urine.

In males, where the bladder outlet is more narrow, the mineral deposits are often

trapped. Sometimes enough particles will collect to completely block the urethra and stop the passage of urine. The signs of discomfort are fairly typical and an alert owner should suspect the nature of the problem. At first the cat will make frequent trips to the litterbox or outside in response to bladder pressure.

Urination may still be possible, but the frequent trips are a clue that trouble is brewing.

As the condition progresses, the cat will become more uncomfortable and strain to urinate for several minutes at a time.

Little or no urine will pass and the owner may interpret the problem as constipation. Unfortunately laxatives offer no help, and only waste valuable treatment time. As the pressure increases, the cat becomes very restless and may cry.

Complete urinary blockage is an emergency situation. Unless the blockage is removed, the animal will die of uremic poisoning as toxic wastes normally excreted in the urine accumulate in the bloodstream.

At this point, professional assistance is desperately needed. Your veterinarian will anesthetize the cat, drain the bladder, and remove the obstruction.

In addition to treating the condition, your veterinarian will discuss with you steps to help prevent future urethral blockage. They include:

Increasing your cat's water intake so that minerals are flushed from the bladder before stones form. If your cat refuses to drink extra water, the addition of 1/4 teaspoon of salt to its food each day will increase water intake noticeably. Of course a bowl of fresh water should always be available.

Revising your cat's diet. Foods with a high ash or magnesium content (those containing whole fish or ground bone) seem to aggravate the condition. Moist canned food should be fed in preference to dry food, which contains only about 10 percent water or semi-moist food (25 percent water).

Very little is known about the exact cause of urinary blockage. High levels of minerals in the diet, previous urinary tract infections and a newly discovered virus seen in the bladder of afflicted cats may all contribute to the problem.

If your pet's condition does not respond to dietary or drug treatment, surgical correction of the urethra may be required.

## This week on the Coast

September 24 - 30

From this time existing exhibits will not be repeated.

**SUNDAY, DECEMBER 24**

### NOTICE OF FINAL SETTLEMENT

Notice is hereby given that the contract between Shaw Supply Co., Inc., Contractor on the one part, and Hancock County on the other part, dated October 2, 1977, for Contract No. 04-51-23074, EDA Project No. 04-51-23074, Stennis Industrial Airport has been fully and completely performed and final settlement thereunder has been made. This notice is given pursuant to Section 31-5-7, Miss. Code Ann. (1972).

DATED: this 19th day of September, 1978.

Ronald J. Artigues,  
Secretary  
Hancock County Port and Harbor Commission  
9-24-78

### STATE OF MISSISSIPPI COUNTY OF HANCOCK CITY OF BAY ST. LOUIS

NOTICE TO PUBLIC: A public meeting will be conducted by the Planning and Zoning Commission of the City of Bay St. Louis, Mississippi, on Tuesday, October 10, 1978, at 7:30 p.m. to consider changing the zoning classification of the following described property:

Parts of Lots 9, 10 and 11, Boregas Subdivision, Third Ward, City of Bay St. Louis, Hancock County, Mississippi; said property being in the vicinity of Old Spanish Trail near Washington St.

from a R-2 classification to a C-2 classification to construct a convenience type grocery store.

All interested agencies and citizens should attend said meeting and shall be given an opportunity to be heard.

This, the 21st day of September, 1978.

H. E. Engelhorn  
City Clerk  
City of Bay St. Louis, Mississippi  
By: Catherine J. Johnston  
Deputy Clerk  
9-24-1978

### STATE OF MISSISSIPPI COUNTY OF HANCOCK PUBLIC NOTICE

INVITATION TO BID To all persons interested in the following described lands located in Hancock County, Mississippi, to wit:

**TRACT NO. 1**  
Beginning at an iron stake set at the SE corner of the SW 1/4 of the SE 1/4 of Section 12, Township 9 South, Range 15 West, thence running North 115° 55' 00" East 115.916 feet to an iron stake; thence West 83.11 feet to a public road known as Lakeshore Road; thence South 10 degrees 30' East 122.1 feet, more or less, along the Easterly line of said road to the point where said road intersects the line between Sections 12 and 13, thence East along said section line 70 feet, more or less, to the place of beginning; and being a part of the SW 1/4 of the SE 1/4 of Section 12, Township 9 South, Range 15 West, 18.49 acres.

**TRACT NO. 2**  
Commencing at the NW corner of the NE 1/4 of NE 1/4 of Section 13, Township 9 South, Range 15 West, and running South 53.1 feet to a stake set on the North side of the Lower Bay Public Road for a place of beginning; thence South 8 degrees 15' West along the North side of said road 345.5 feet to a stake; thence North 50.41 feet to a stake; thence North 51 degrees 15' East 50.41 feet to the place of beginning; and being a part of the NE 1/4 of Section 13, Township 9 South, Range 15 West, 4.73 acres.

**TRACT NO. 3**  
Beginning at the intersection of

the Northern boundary of the Gulfview School land, as said boundary existed on June 1, 1968, with the East line of the Lakeshore Road; thence running in a Northern direction along said East side of Lakeshore Road a distance of 100 feet, more or less, thence running Easterly along a line parallel with the Northern boundary of the said Gulfview School land a distance of 500 feet, more or less, to a stake; thence Southerly along a line parallel to the Lakeshore Road, a distance of 100 feet, more or less, to the Gulfview School land, as said land existed on June 1, 1968; thence Westerly along the northern boundary line of said Gulfview School land, as it existed on June 1, 1968, to the place of beginning; being a part of the NW 1/4 of NE 1/4 of Section 13, Township 9 South, Range 15 West, and being the identical land purchased by Odessa Terrence from Milton Bryant and Mary Bryant by deed dated October 24, 1939, 2.12 acres.

You are hereby notified that the Board of Education of Hancock County, Mississippi, in its regular September, 1978 meeting, entered an order authorizing the leasing of the above described school lands for Oil, Gas and Mineral exploration and development, said lease to be granted in accordance with the procedure set forth in Section 23-3-99 of the Mississippi Code of 1972, as amended, upon the terms and conditions provided in said statute.

You are further notified that the Board of Supervisors of Hancock County, Mississippi are the owners of one-half (1/2) interest in the Oil, Gas and Minerals in Tract No. 1, and the owners of full interest of Oil, Gas and Minerals in Tracts 2 and 3. You are further notified that sealed proposals to lease said lands for oil, gas and mineral exploration and development may be filed with the Superintendent of Education of Hancock County at Bay St. Louis, Mississippi on or before 4:00 p.m. on the 2nd day of October, 1978, and you are invited to submit sealed bids specifying the bonus consideration to be paid for the granting of the lease on said lands. Only the bonus consideration, to be paid by the Lessee shall be subject to bid. The form of the Oil, Gas and Mineral lease prescribing the royalty to be retained by the Lessee, the annual rental to be paid by the Lessee, the primary term of said lease, and all other provisions are now on file and available for inspection in the office of the Superintendent of Education of Hancock County, Mississippi, at Bay St. Louis, Mississippi, and may be inspected by all interested parties. Said seal bids will be opened at 6:00 p.m. or as soon thereafter as is convenient possible on the 2nd day of October, 1978, at the regular monthly meeting of the Board of Education of Hancock County, Mississippi, and said Board of Education will award said Oil, Gas and Mineral Lease to the highest and best bidder as provided by law, but reserves the right to reject any and all bids submitted.

This the 8 day of September, 1978.

Mr. Eugene Dillmann is shown accepting delivery of his New Chevrolet LUV Pick-Up from Turan-Lane Chevrolet salesman John Lowe.

"I was in need of a small truck for general purpose work and I wanted something economical. I visited Turan-Lane Chevrolet and talked to salesman John Lowe and told him what I was looking for in a truck. I selected a Luv pick-up and John Lowe gave me a very good deal. I recommend salesman John Lowe and Turan-Lane Chevrolet to anyone needing transportation. I enjoyed the friendly courteous way they treated me at Turan-Lane Chevrolet."

Eugene Dillmann  
Bay St. Louis, Miss.

# Bailey's four TD's lead Pirates to 47-20 conquest over Tigers

By RICH ADAMS

The Pass Christian Pirates swamped the Bay High Tigers Friday night as Pirate runningback Robert Bailey compiled 186 yards and ran for four touchdowns to hand Bay High a 47-20 defeat.

"We did a real good job. We were fortunate to start out in front and get our confidence back after last week's loss to d'Iberville," said Pirate head coach Bob Lumpkin.

"Our offensive line came off better, and we have some excellent offensive backs. Just give them a hole and they will make yardage," he continued.

"We have a tough game coming up against Notre

Dame. They are a tough defensive ball team. They have a little trouble moving the ball, but I expect a tough game," Lumpkin added.

"It was a real rough game," said Tiger head coach Billy Rhodes.

They had real fast backs. D e d e a u x L a n g Bailey. Lordy, that Lang was fast," he continued.

"We were down from last week's loss to Hancock North Central, and a virus kept us down more. Last week I had ten players out with the flu. Most of them didn't get back to practice until Thursday," he added.

"Pass Christian was one big mountain we had to try to

conquer. d'Iberville next week will be another large mountain we have to try to get over. We just have to stay alive and go get them. We're in the best physical shape we've ever been in, now that the virus is gone," Rhodes said.

The Pass eleven, coming to Bay High after a crucial conference loss to d'Iberville last week, took the ball 45 yards in four plays, sending Virgil Swanier to paydirt with 7:47 remaining in the first quarter.

Pat Barnes' conversion was good, giving the Pirates a 7-0 lead.

The Tigers moved the ball downfield to the Pass 23 yard line, but a Dwayne LaFontaine pass intended for Joe Cabaniss was picked off by Bailey on the 11 yard line to give the Pirates possession of the ball.

Pass then put together a series of running plays, and sent Bailey into the end zone on a 32 yard touchdown run, giving the Pirates a 13-0 lead with 4:53 remaining in the first stanza.

Swanier's conversion attempt was wide.

Bay High was forced into a punting position in the next series of downs, and Bailey took the punt from his own 26 yard line and returned it for a 74 yard touchdown with 3:22 remaining in the quarter.

Gene Lang took a pitch out around the right side for a two-point conversion, making the score 21-0.

The Tigers' offense came alive, and a shoestring reception of a LaFontaine pass by Ellie Harrington on the four yard line set up a five yard scramble by LaFontaine, putting the Tigers on the scoreboard.

A point after by Rod Stieffel

was good, and the score was 21-7.

The Pirates moved the ball 62 yards on a series of three plays, culminating in a 52 yard run by Lang to add another six points to the Pass Christian squad's increasing score with 10:04 left in the half.

The conversion by Swanier was good, and the score was 28-7.

Pass Christian scored for the fifth time in the first half on a four yard pitch by Pass quarterback Pat Barnes to Bailey with 2:02 on the clock.

Swanier kicked another point through the uprights, and Pass was out in front 35-7.

The Tigers appeared to have gotten a break in the second half when Steve Hargett intercepted a Swanier pass intended for Mackie Dedeaux on their own 36 yard line.

The tides turned on the Tigers as a LaFontaine pass was picked off by John Pat Swanier and taken to the Tiger one yard line.

Dedeaux carried the ball across the goal line one play later, giving the Pirates another score with 6:41 remaining in the third quarter.

A conversion by Swanier was no good, making the tally 40-7.

Bay High got another break when a Tiger punt was touched by a Pass player and jumped on by a Bay High player.

The Tigers lost the ball on

downs around the Pirate goal, but a fumble, picked up by Bay High's Robbie Boyd, set up a LaFontaine romp to paydirt from one yard out with 1:06 on the clock for the third quarter.

Stieffel's kick was good, making the score 40-14.

Pirate runningback Bailey took another Tiger punt in for a score with 5:50 left in the final stanza from 60 yards out.

The point after by Swanier was good, moving the Pass lead to 47-14.

Chuck Benigno came in to relieve LaFontaine as signal caller for the Tigers, and led his eleven man squad 92 yards in 12 plays, ending when Benigno crashed over the line from one yard out to gain another Tiger score with less than a minute remaining in the game.

The conversion was blocked by Dane Jenkins, and the final score was 47-20.

Pass Christian led Bay High in almost all aspects of the game. The Pirates rushed for 245 yards, compared to the 149 by Bay High.

Passing yardage for Pass was 109 yards on 6 attempts, three of them completed, and the Tigers gained 152 yards in the air, completing 13 out of 28.

Next week the Pirates play Notre Dame at Pass Christian in a homecoming game.

The Bay Tigers go against d'Iberville in Biloxi next Friday.

Bay St. Louis City Clerk Eddie Engelhorn has been admitted to Gulfport Memorial Hospital for observation and tests.

BAY HIGH SCORES—A Bay High player joins the referees in signaling a touchdown for the Tigers. No. 65, Robby Boyd, and No. 62, Daniel Edwards watch the score for the Tigers. The Tigers lost the contest Friday night, 47-20. (Staff photo-Randy Ponder)

## Squirrel season opens October 28

Squirrel hunting, Mississippi's most popular gunning sport, opens Saturday, October 28 for Hancock County. Prospects are bright and hunters should be out in numbers for the season that extends through January 21.

According to a recent survey by biologists, some 170,000 state hunters take over 3.3 million squirrels across the state each year. Hunters average spending nine days afield and taking home over 2 squirrels each day they hunt, Wildlife Coordinator Edsel Cliburn said.

"The state has three basic types of squirrels: the delta fox squirrel, hill fox squirrel and the gray squirrel. People will be out hunting them on all our wildlife areas in Zone 1 on opening day, and of course the other wildlife areas will be busy when squirrel hunting opens in their areas. We're expecting a real good hunt this year," Cliburn said.

Biologists advise looking for the reddish-yellow delta fox

squirrel mainly in hardwood bottom areas in the delta and along adjacent bluff areas.

Early in the season squirrel cuttings under food trees should indicate good hunting spots. Hill fox squirrels are common along ridges and in mainly pine woodlands.

The gray squirrel, or 'cat squirrel,' is the more widely hunted animal," Cliburn said.

Hunters can look for them in moist stream and branch bottom lands and along sloughs supporting large stands of oak, hickory, and other seed and nutbearing hardwoods. They shouldn't neglect hill sections where mixed hardwoods and pines grow.

Veteran hunters say that hickory nuts are a top squirrel food item. They are cut in early fall while the nuts are green and stored for winter food. Acorns and magnolia seeds are also squirrel favorites, especially in south Mississippi where there are few hickories. Other favored foods include ash, cypress,

beech, blackgun, ironwood, dogwood, elm, hackberry, walnut, and mulberry.

Hunters prefer a variety of gun and shell combinations for squirrel hunting. In early fall some like the sport of hunting with a 22 rifle. Although 20 and 16-gauge shotguns, and even .410's can all take squirrels, many prefer the security of a 12-gauge with No. 6 or 7½ shot in big timber. Later in winter, it will help to have a good dog to find squirrels feeding on the ground.

Shooting hours on squirrels are one-half hour before sunrise until sunset. The daily bag limit is eight and possession limit is 16, with no possession limit allowed on opening day.

State conservation officials stress that hunters must have shotguns plugged and incapable of holding more than three shells. Hunters must also have on their person while hunting a valid state hunting license.

BROKEN PLAY—Mark Hardee, No. 24 for the Tigers, breaks up an intended pass interception by Pirates' John Pat Swanier, No. 32. The Tigers had three passes intercepted in Friday night's game. Pass Christian won, 47-20. (Staff photo-Randy Ponder)

## October 6 Coaches Day

October 6 has been proclaimed National Coaches Day. A Presidential Proclamation in 1972 designated the first Friday in October each year as National Coaches Day. Each state through their state coaches association and

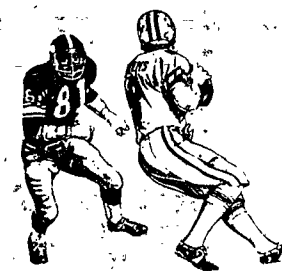

and women who are devoting their lives to the youth of Mississippi. Blackwell states that "be it good or bad, right or wrong, too much or too little, a young athlete's coach is the most influential person in their lives."

state activities associations have made recommendations to each of their school principals in developing programs in honoring each of their own coaches.

Bernard Blackwell, Executive Secretary of the Mississippi Association of Coaches, urges all athletic organizations, principals, booster clubs, and other interested clubs throughout Mississippi to develop programs with special emphasis on honoring the men

A fifty dollar contribution will be made to the organization selected as doing the best job in honoring their local coaches. A fifty dollar contribution will also be made

to the newspaper which does the most outstanding job of promoting National Coaches Day. To be eligible to win the award, the organizations and newspapers must submit a list of activities promoted to the M.A.C. not later than November 1. Entries should be sent to M.A.C., P.O. Box 121, Clinton, MS 39056.

### HNC PARENTS DAY

Hancock North Central will hold a parents day-open house from 8:30 a.m. to 3:15 p.m. Tuesday, according to Principal Thad Haskins.

The event is the first of its kind at the school, and Haskins has urged parents to take advantage of the opportunity to see the center in operation.

### LITTLE LEAGUE ELECTIONS

The Elwood Little League in Waveland will hold annual election of officers, Thursday night, September 28, at 7 p.m. Elections will be held at the Waveland Civic Center on Coleman Avenue. All members are urged to attend.

## Rocks take advantage of Rebel mistakes, win 20-3

St. Stanislaus cashed in on costly errors made by Notre Dame Thursday night to claim a 20-3 Pascagoula River Conference contest and extend the Rock-A-Chaw's undefeated record to 3-0.

Notre Dame gave the win to us," said Rock head coach Bill Poole.

A pass interception and three key Rebel fumbles recovered by the Rocks set up 17 points for St. Stanislaus.

The first half was scoreless, and a 28 yard interception of a misguided Notre Dame pass by Juan Betanzos set up a

Charlie Armato 30 yard field goal with 7:53 remaining in the third stanza.

Rock quarterback Peter Bernheim tossed an eight yard pass to runningback Scott Senner for the second score of the quarter, culminating a 24 yard drive following a Rebel fumble.

With 2:25 remaining in the third quarter, Bernheim pitched a 13 yard pass to tight end Fred Keel following a 33 yard drive after another Notre Dame fumble.

Early in the fourth stanza, Betanzos kicked a 35 yard

field goal set up by a third loose Rebel ball to round out the Rock's scoring.

Notre Dame scored its three points on a 22 yard field goal with seven seconds remaining in the game.

The score was set up by a low Bernheim pitch-out that the Rebels recovered.

"Notre Dame's defense gave us a tough ball game. They are very physical," said Poole.

Senner led in rushing for the Rocks with 71 yards on 19 carries.

St. Stanislaus, now 2-0 in conference play, will host Hancock North Central next week while Notre Dame will travel to Pass Christian next Friday.

POINT AFTER BLOCKED—Dane Jenkins, No. 54 for Pass Christian, blocks a conversion attempt by Rod Stieffel, No. 81 for the Tigers. Mark Hardee, No. 24, holds the ball for Stieffel. (Staff photo-Randy Ponder)

## State Poultrymen Gather In Biloxi For Convention

BILOXI — The men and women comprising the production, processing and sales aspects of Mississippi's \$333 million poultry industry will gather here Oct. 1-4 for the annual Mississippi Poultry Association Inc. (MPA) convention and business meeting.

Announcement of the meeting was made jointly today by Odell Johnson, chairman of the board, MPA; and Dr. Robert Haynes, leader, Poultry Science Department, Mississippi Cooperative Extension Service.

Headquarters for the expected 500 persons will be the Biloxi-Hilton Hotel.

Convention activities will begin with registration on Sunday, Oct. 1. During the convention, emphasis will be placed on educational programs involving trends and outlooks of poultry production and marketing, says Johnson.

Highlighting the convention will be presentation of the Mississippi Poultry Hall of Fame Award to a representative of the poultry industry who has made unusual and outstanding contributions to the industry. During ceremonies, the Salesman of the

Year Award will also be presented.

Convention speakers will include: Jim Buck Ross, Commissioner of Agriculture and Commerce; Barbara Keating, president, Consumer Alert Council, Stamford, Conn.; W. G. Wallace, vice president, Meat Operations,

Jitney-Jungle Stores of America; Edward H. Covell, president, Bayshore Foods Inc., Easton, Md., and chairman of the board, National Broiler Council, Washington, D. C.; Dr. Hyler Bracey,

president, Development Consultants Inc.; and Dr. Barry Landrum, pastor, First Baptist Church, Bossier City, La.

Also included on the association's agenda is a

business meeting in which new officers will be elected.

"The state's poultry industry is a multi-million dollar business," says Dr. Haynes. "It ranks number one in food production in the

state and tied as Mississippi's fourth greatest agricultural income producer last year. This industry continues to grow with the economies of our state and nation," he concludes.

### State Weather Projection

Mississippi's weather outlook calls for above-normal amounts of rain and near-normal temperatures through mid-October, according to the National Weather Service Outlook distributed by the Mississippi Cooperative Extension Service.

Temperature normals are in the upper '60s in the north. During the first part of the period, highs usually get into the mid-80s in the north and upper-80s in the south. Lows are usually in the low-to mid-60s. By mid-October, highs will be only in the mid-60s in the north and low-80s in the south and lows will be mainly in the low-50s.

Weather experts say the north and central sections will get more than two inches of rain; coastal counties will receive more than three and one-half inches.

Mississippi poultrymen should have ideal temperatures for broiler and layer flocks, but they should be alert for cooler air making its way into the state after occasional passage of fronts. These intrusions could cause abrupt and significant temperature changes.

## Fair Association spells out rules and regulations

### EXHIBITS

- The Hancock County Fair and Livestock Show is an annual event sponsored by the Hancock County Fair and Livestock Association. This Association with its officers, committees, and superintendents will be deemed the Fair Management at all times.
- The Fair Management will not be responsible in any way for loss or damages incurred by persons or exhibits prior to, during, or after the Fair. The Management will make every effort possible to avoid any such loss, damage, or injury.
- The Fair Management reserves the right to interpret all rules and formulate new rules when such rules will benefit the general interest of the show. These rules will be final in all cases.
- All entries must be made on regular entry blanks and checked in by departmental superintendents before entering the exhibit area.
- Exhibits may be entered by any resident of Hancock County. All 4-H, FFA, or Homemakers who are enrolled in a Club or Chapter in Hancock County, are considered to be in Hancock County and are eligible to enter exhibits.
- The departmental superintendent, together with the show management will pass on the qualifications of any exhibit. Their decision will be final with the right to refuse entry to any exhibit deemed undesirable or unfit for showing.
- The Fair Management reserves the right to exclude from the Fair grounds any person whom it deems undesirable, or who violates any rules laid down by the Management, or otherwise becomes offensive.
- Any exhibitor not having swine or beef exhibits will not be allowed to remain overnight at the Fair grounds.
- All exhibits must be in place not later than designated times and cannot be removed until designated in departmental regulations.
- Each entry must be made in the name of the rightful owner. Any entry contrary to this rule will be disqualified.
- Only exhibits listed in the catalog will be accepted. NO EXCEPTIONS.
- Married exhibitors will be considered as adults.
- Judging of exhibits will be based on the Merit System. No local person will be used for judging.
- Premiums will be paid to Junior Exhibitors only and will be paid according to the lists in this catalog.

### GENERAL LIVESTOCK RULES

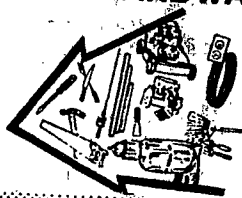

- The Show Management requests that all exhibits comply with the rules and regulations of the Mississippi Board of Animal Health.
- Exhibitors will provide feed and bedding for their livestock. They will also be responsible for keeping their exhibit spaces clean. Exhibitors not doing this will forfeit their premium.
- All animals entered in a registered class must be accompanied by proof of registration in the name of the rightful owner.
- Only Blue Ribbon winners will compete for Champion and Reserve Champion. Champions will be selected only when there are two or more Blue Ribbons in a Class.
- All beef, dairy and swine exhibitors must be shown in their respective shows to receive premiums. They must enter the arena to show.
- NO GRADE BULLS will be allowed to show in any class.
- Livestock will be judged according to breeds present where possible. Grade animals will be judged according to general standards.
- To receive ribbons and/or prize money, exhibits must remain on display until released by the departmental superintendent, and not before 2:00 p.m., Saturday, September 30.
- Livestock brought in prior to 1:00 p.m., Wednesday, September 27, will not be judged.
- All livestock exhibits must have a sign showing the exhibitor's name, address and/or club, and will be furnished by the exhibitor, unless secured by the Club.

Class 8. Bundle of Peanuts (5 vines)

Class 9. Sugar Cane (5 stalks)

Class 10. Other Crop Product.

## FOOD for THOUGHT

An Agricultural Concern  
Of Interest to Everyone

The good old days of food prices were fine for the consumer, but not necessarily for the farmer.

Over nearly two decades from 1952 to 1971, retail food prices increased only 27 percent, less than half of what they have jumped thus far in the 1970's.

But even in the 1950's and 1960's, higher marketing costs accounted for 94 percent of the increase, while only six percent went to the farmer.

Presented by this publication and Sperry New Holland to promote a better understanding of the modern farm to family food supply system.

## SWINE DIVISION

Swine Exhibits will be limited to juniors due to the lack of facilities. Pens will be assigned on a first come basis with a limit of two per exhibitor. This Division will be opened to Adult exhibitors as soon as possible.

## LOT-BREEDING HOGS

1. All exhibits must comply with general rules and regulations of the Livestock Department.

2. All boars must be registered. Sows may be grade.

## MISSISSIPPI WEEKLY WEATHER & CROP REPORT

**WEATHER SUMMARY** (National Weather Service): Widespread rain fell throughout the state. All stations reported some rain. Winona received a total of 4.99 inches for the week and Kilmichael received the highest amount in a 24-hour period of 2.86 inches. Temperatures were mostly near normal with highs in the 90s and 90s and lows in the 60s and 70s. Ninety-eight degrees at Columbus on the 9th, 10th was the highest temperature reported and 51 degrees on the 9th at Kosciusko and Oxford was the lowest reading. Skies were generally fair over the weekend; however, a few showers did occur. Temperatures were near normal.

**CROP SUMMARY:** Rain improved the condition of late soybeans and bettered planting conditions for winter grain crops. The additional moisture could cause second growth problems in cotton. Soybean insects increased and some producers applied insecticides. Soil moisture supplies were short in the eastern one-third of the state and adequate elsewhere. An average of 3.7 days was suitable for field work compared to 6.1 days last week and 2.7 days for the same week last year.

The soybean acreage was 49 percent shedding and 15 percent mature compared to 50 percent shedding and 19 percent mature last year. Harvest of early varieties was underway and about one percent of the acreage was harvested compared to three percent at this time last year.

**White Cypress**  
by Yvonne Ladner  
255-1403  
Monica and Alan Malley of Charleston, S.C. are visiting with relatives and friends. Alan is serving with the Navy and has just returned from a tour of duty which took him to Spain. He is the son of Eldon and Erlene Malley of Long Beach and Monica is their daughter. They will be returning to Charleston next week where he will resume duty.

A special commissioning service was held during the Mass on Sunday, September 17 at the Infant of Prague Catholic Church for teachers of religion classes.

The crop was in fair condition. Eighty-four percent of the cotton acreage had open bolls compared to 91 percent last year and the average for the date of 94 percent. About four percent of the acreage has been harvested compared to last year's 11 percent. The crop was in fair condition.

The rice crop was in good condition and 73 percent of the acreage was mature compared to 80 percent last year at this time. Harvest was slowed by the rain but with 30 percent harvested, progress is only slightly behind last year's 33 percent and well ahead of the average 12 percent.

Corn was 35 percent harvested compared to last year's 35 percent and the average for the date of 18 percent. The crop was in fair to good condition.

The sorghum acreage was 83 percent ripe compared to 91 percent last year. About 36 percent of the acreage intended for grain has been harvested compared to 33 percent last year and the average of 55 percent.

Sorghum silage was 81 percent planted compared to last year's 70 percent. Winter wheat was eight percent planted compared to last year's 10 percent.

Hay crops were 85 percent harvested compared to 81 percent last year and the average of 79 percent. Peanuts were 30 percent harvested compared to 45 percent last year and the average of 35 percent. Sweetpotatoes were 38 percent harvested, equal to

the average for the date and slightly ahead of last year's 33 percent.

Pastures and pecans were in fair condition.

**"COMMENTS"**  
**TUNICA CO.** "Farmers have had approximately 2.5 inches of rain this week. Good weather for harvest is badly needed."

**BENTON CO.** "Rain Thursday helped beans and pasture. More winter grazing will be planted now."

**LEE CO.** "Showers and mild weather were welcomed by everyone; still could use a little more in places."

**SHARKEY CO.** "Recent rainy, cloudy, humid weather has helped late maturing soybeans but has damaged cotton and rice."

**HOLMES CO.** "Relief came Thursday, rained all day. Stopped cotton picking, but helped soybeans and pastures."

**HANCOCK CO.** "Some worms showing up in soybeans, farmers with late beans sprayed this week. Moisture is very short in some areas of county. Cattle continue to look good."

## State Youth To Observe 1978 National 4-H Week

**MISSISSIPPI STATE** — During Oct. 1-7 Mississippi's 207,633 4-H'ers will join the nation's nearly 5.5 million 4-H members in observing National 4-H Week.

This year's theme is "4-H - Freedom to Be." Dr. Charles Sappington, state leader, 4-H Youth Development, Mississippi Cooperative Extension Service.

President Jimmy Carter called the theme "most appropriate for a program which is reaching out to all young Americans - rural and urban - from every cultural, economic and social background."

"For many," he said, "4-H is opening doors to a lifetime of personal growth and fulfillment. In learn-by-doing, through educational projects and through community involvement efforts, 4-H is providing useful guidance and direction to young people and making them more responsible and sensitive adult citizens."

"The program's learn-by-doing philosophy encourages young people to acquire 'real life' skills and develop citizenship and leadership abilities," adds Dr.

Sappington. National 4-H Week is set aside annually by the Cooperative Extension Service to focus attention on the values of 4-H as an informal educational program for boys and girls 9 to 19 years old. This observance allows 4-H members, their leaders and parents to review the past year's work and to plan for the coming year. It also focuses public attention on the values of 4-H.

Contributing to the 4-H program are the Cooperative Extension Services of the land-grant universities, state and local governments, and the U. S. Department of Agriculture. These agencies provide substantial resources and versatility for the program. Private donors also contribute significant financial and technical assistance.

During National 4-H Week, communities throughout the state will witness various activities as clubs celebrate this observance at the local level.

"During this week, youth interested in learning more about 4-H should contact their local youth agents," concludes Dr. Sappington.

## FARMERS' NEWSLINE

## Extension Home Economist Notes

By Norine Barber, Hancock County

### LOCAL BUSINESSES

Several businesses who are members of Hancock County Chamber of Commerce will have booths in the Exhibit Hall this year. This year they will be displaying and promoting special sales for their merchandise on behalf of the Fair Association. I'd like to say "Welcome to the Fair". We are very happy to see business' expressing interest in our County in this way.

### CLEANING TILE

A vacuum cleaner with a soft brush attachment can be used to clean acoustical tile ceilings. Small spots and streaks can usually be removed with an art gum eraser. Remove larger smudges with wallpaper cleaner. Be sure it is fresh; old cleaners may crumble or be soiled. Chalk or white shoe polish can help touch up nicks and scratches.

### ACoustical tiles can be washed if reasonable care is

### MILK PRODUCTION

Production of milk in Mississippi during August is estimated at 71 million pounds, the Mississippi Crop and Livestock Reporting Service announced today. This is five percent below a year earlier.

There were 105,000 milk cows on farms during the month, six percent below a year earlier. Milk production per cow averaged 680 pounds, 10 pounds above August 1977.

used. Properly done, cleaning will have little or no effect on the acoustical efficiency of the ceiling tile. A general rule is to use a mild soap, such as white soap flakes or white facial soap. Mix the soap with warm water to make suds.

Some detergents are satisfactory, but should be used with care or tested first on an inconspicuous spot. Many different types of acoustical tiles are on the market, so follow directions provided by the particular manufacturer.

For example, all Armstrong ceilings are finished with a washable latex paint finish that can be cleaned with a damp sponge and a mild detergent. Some Armstrong ceilings come with a "scrubbable" finish for areas requiring high maintenance, such as kitchen or bathroom.

A clear semi-gloss vinyl coat is applied over the

totalled 10.3 billion pounds, down one percent from August 1977. Accumulated production for the first eight months of 1978 was down one percent from last year, but was two percent above the same period in 1977.

Production per cow averaged 945 pounds, two pounds less than a year earlier but 23 pounds more than August 1976. Total milk cows averaged 10.9 million head for August, off one percent from last year.

regular paint wash for easy removal of accumulated dirt with mild detergent-water solution. In addition, the vinyl resists yellowing, absorbing moisture, smoke, or other common household staining agents.

Don't soak the tiles with water, because they may warp. Use either a cloth or a sponge "wrung dry" to wipe the surface with soap or detergent suds. Use long sweeping, gentle strokes.

If the tile is striated (ribbed), stroke with the striations. Rinse tiles by wiping with a damp cloth or sponge dipped frequently into warm or cold water.

### DOLLAR VALUE

Today's average housewife is worth \$17,352 per year. Combine the abilities of the housewife, purchasing agent, cook, nurse, economist, chauffeur, and counselor.

These attributes, combined with tender, loving care and maternal instinct, give you today's wife and mother.

These figures are based on the assumption that the housewife performs her task for about 100 hours each week, seven days a week. These findings are based on a number of research studies and reviewed by the Council of Family Life Institute.
